

# Jack Wahlberg 10 km – Classic

Start time is 9:45 am

Description:

This longer ski loop should have appeal to the intermediate skier. The start and finish lines, common to all 3 events, are on the wide open Skip's Pond area. The trail itself wends through an all forested area, with no lakes or roads to cross. The climbs and descents along this trail will take skiers some 40 m above and 40 m below the start area. Participants should be careful to observe and follow the "10 km" direction signs which are set up at the several trail junctions that will be encountered. The course concludes with a pleasant run down to the finish line.
