

2020 Loppet Course Descriptions

Jan Nordström 5 km – Classic

Start time is 10 am

Description:

This trail loop should have appeal to the younger family member set, and for those relatively new to the sport. The start and finish lines, common to all 3 events, are on the wide open Skip's Pond area, with the trail itself winding through an all forested area, with no lakes or roads to cross. The highest point reached along the trail is some 40 m above the start area. Participants should be careful to observe and follow the "5 km" direction signs which are set up at the several trail junctions that will be encountered. The course concludes with a pleasant run down to the finish line.
